

About Us

We met as MBA classmates at the University of Georgia and founded Vincennes Capital to acquire and operate businesses we can own and grow.

Between us we bring experience across private equity, M&A advisory, investment banking, and private credit. Vincennes Capital exists to partner with Georgia business owners who want a clean transition to operators who will run the company with care, not flip it.

How We Work

We are operators, not a traditional private equity fund. Our goal is to preserve the people, customers, and reputation that make a business strong, while professionalizing where it helps the company grow. We look for owners who want a serious buyer and a responsible handoff.

What We Look For

- \$500,000+ in EBITDA, no upper limit (*SDE less a market rate manager*)
- Located within 100 miles of Atlanta
- Stable, committed workforce
- Seller willing to stay on for 6+ months to support a clean handoff
- Recurring or otherwise durable revenue
- Customer and supplier relationships that stay with the business, not tied to any one person
- Clear paths to grow revenue
- Strong unit economics and a business we can operate with confidence

FOUNDERS

Luke Mersberger

Luke grew up in Atlanta, GA and studied finance at UGA. He worked in real estate private credit at Spruce Financial while managing and investing his late father's estate across a range of asset classes. He lives with his wife in Athens, GA.

Tad Aycock

Tad grew up in Milton, GA and attended Georgia Tech where he was an Offensive Lineman on the Football Team. His prior experience includes M&A Deal Advisory with Grant Thornton, Private Equity with Roark Capital, and Investment Banking with Citizens M&A. He currently lives in Atlanta, GA.
